Bonds: News & Comments

Liquidity continues to decline

Banking sector liquidity declined again yesterday, down UAH0.90bn to UAH110.91bn, as funds were reallocated between sectors. Banks' correspondent accounts with the NBU rose UAH1.15bn to UAH37.94bn while total CDs outstanding fell UAH2.05bn to UAH72.97bn. The decline is routine month-end payments to the budget which are expected this week.

Primary auction results

Although demand for government bonds declined slightly yesterday, the MoF once again sold a small amount of 1.5-year bonds at 19.5%. Bids were submitted for four out of five offered bonds at slightly lower interest rates as the market moved towards the MoF's yield curve. However, interest rate bids still came in above the NBU's interest rates for CDs and above the MoF's anticipations. As a result, bids for short-term bonds were rejected yesterday. Consequently, the MoF could push the yield curve higher if the volume of proceeds warrants the increase.

Taras Kotovych, Kiev, +38044 2200120 ext.724
